

# Richardson Projects

## Charter Street, Accrington and Sherborne Road, Middleton

- Access scaffold
- Support scaffold
- Roof scaffold
- Façade scaffold
- Demolition scaffold

Design scaffold was required initially for the installations of the timber frame wall panels then roof trusses of these buildings. The scaffold then required adapting for further roof tiling and brick works.

This was a demanding project due to the nature of the building process and needed the assurances of speed of erection and scaffold design.

Bolton Scaffolding, safely bringing everything within reach.
