

Speakmans Construction

Whitworth Cemetery & Chapel

- Access scaffold
- Support scaffold
- Roof scaffold
- Façade scaffold
- Demolition scaffold

A designed, fully boarded light duty access scaffold was required around the existing Chaples' spire to a height of 20m. Existing low level roofs demanded the use of aluminium beams together with

light footed operatives. This scaffold was required to allow for the external refurbishment of the building.

Bolton Scaffolding, safely bringing everything within reach.
